A. E. ONILOW, *Associate*

**N**O TICE is hereby given, that from and after this date, the practice of selling Government Salt by periodical Public Sales for the supply of the Markets of the Interior, will be discontinued.

2. From and after the 1st July next, Salt will be sold by private sale, and at fixed prices, in quantities of not less than 250 Maunds,—any Salt taken in excess of Maunds 250, to be taken in even quantities of Maunds 50, or Maunds 100 each, as Maunds 300, Maunds 350, Maunds 400, Maunds 500, &c.

3. The Salt will be deliverable in the same manner and upon the same documents as at present from the several Ghauts and Golahs specified in the subjoined Schedule.

4. The price of each description of Salt deliverable at the several Ghauts and Golahs is specified in the adjoining Schedule.

5. Parties desirous to purchase Salt from any Ghaut or Golah must pay the price at the rate shown in the subjoined Schedule into the General Treasury, and upon the production of the Sub-Treasurer's Receipt for the amount at the Board of Customs, Salt and Opium, with a written application, stating the quantity of Salt required, and the Agency and Ghaut from whence it is deliverable, the applicant shall receive (provided there be in store at the Ghaut or Golah specified, the quantity of Salt applied for,) an order upon the Salt Agent, or Superintendent of the Sulka Golahs, to deliver the quantity of Salt purchased, such order will be accompanied by the usual protective documents which will be negotiable as at present. In the event of more applications being received than there is Salt in store to answer, the preference will be given to the holders of the Sub-Treasurer's Receipts bearing the earliest numbers. If the Salt be not cleared within Three Months, from the date of the Board's order for delivery, Galah rent and wastage will be charged as present, viz. at the rate of 1 Rupee per manzum for each 100 Maunds.

6. Government will make no reduction whatever in the price of any Salt stored at any Ghant or Golsh in the abjoined Schedule, without giving Two Months previous notice.

7. All notices in regard to any reduction in the prices of Salt sold from Government Golahs, will be inserted in the Calcutta Gazette, and copies will be appended at all Government Ghaut and Golah Stations from which Salt is deliverable; also, at the Board's Office, and in the Cutcheries of all Salt Agents and Superintendents of Salt Chokeys.

8. Government do not contemplate the necessity of renewing the system of Public Sales, but should a recurrence in that system become indispensable, Six Months notices of the same will be given, and the notice will specify the upset price per Hundred Mounds at which such description of Salt will be offered for Public Sale after the expiration of Six Months from the date of such notice.

9. All the Provisions of the Salt Regulations are equally applicable to Salt purchased under this Notification, as to Salt heretofore purchased at the Public Sales.

10. The above Conditions are not to be considered as in any wise precluding the Re-sale by Public Auction, and for the enforcement of Conditions of Sale of the Salt purchased at the Public Sales prior to the 1st March 1836, which will be put up for Sale as usual, if the Deposits, or if the price bid for the same remains unpaid.

By Order of the Board of Customs, Salt and Opium, the 23d March, 1836.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable in 40 days sight.

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 16th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officer of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Siaca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consigner shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consigner prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consigner himself by

the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for such transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled up to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

THE 11TH APRIL, 1836.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 11th April 1836, is hereby promulgated for general information:

ACT NO. X. of 1836.

I. It is hereby enacted, that Clause Third, Section V., Regulation VI., 1823, of the Bengal Code, be repealed.

II. And it is hereby enacted, that whenever the right to Indigo Plant may be contested, and an order shall be passed, under the provisions of Clause Ninth, Section III., Regulation VI., 1823, of the Bengal Code, for the delivery of Indigo Plant to one of the parties claiming the same, such party shall not be allowed to cut or remove the Indigo Plant until he shall have given sufficient security to the satisfaction of the Court trying the case, to make good any claim that shall be ultimately established to such Indigo Plant, whether arising from a prior right to the produce of the land, or from an arrear of rent due on account of the specific parcel of land from which the Plant may have been produced.

III. And it is hereby enacted, that when a lawful contract shall have been made between a Ryot and another party, by which contract the Ryot shall have bound himself to cultivate Indigo Plant for the other party, or to deliver Indigo Plant to the

Provided always, that nothing in this Section contained shall be construed to give a right of action against any person in consequence of any act which that person may have done for the purpose of procuring payment of a debt, or performance of a lawful contract.

IV. And it is hereby enacted, that the Court trying any Suit instituted under the provisions of Regulation VI., 1823, of the Bengal Code, or under the provisions of this Act, shall be authorized to examine both the Plaintiff and the Defendant whenever the Court shall deem such examination necessary to the ends of justice; and if the award be in favor of the Defendant, to assign to the Defendant a sum which may be a compensation to him for the expense and loss of time occasioned by the proceeding.

**NOTICE** is hereby given, that from and after this date, the practice of selling Government Salt by periodical Public Sales for the supply of the Markets of the interior, will be discontinued.

1. From and after the 1st July next, Salt will be sold by private sale, and at fixed prices, in quantities of not less than 250 Maunds,—any Salt taken in excess of Maunds 250, to be taken in even quantities of Maunds 50, or Maunds 100 each, as Maunds 200, Maunds 350, Maunds 400, Maunds 500, &c.

2. The Salt will be deliverable in the same manner and upon the same documents as are present from the several Ghauts and Golahs specified in the subjoined Schedule.

3. The price of each description of Salt deliverable at the several Ghauts and Golahs is specified in the subjoined Schedule.

4. Parties desirous to purchase Salt from any Ghaut or Golah must pay the price at the rate shewn in the subjoined Schedule into the General Treasury, and upon the production of the Sub-Treasurer's Receipt for the amount at the Board of Customs, Salt and Opium, with a written application, stating the quantity of Salt required, and the Agency and Ghaut from whence it is deliverable, the applicant shall receive (provided there be in store at the Ghaut or Golah specified, the quantity of Salt applied for,) an order upon the Salt Agent, or Superintendent of the Sulka Golahs, to deliver the quantity of Salt purchased, such order will be accompanied by the usual protective documents which will be negotiable as is present. In the event of more applications being received than there is Salt in store to answer, the preference will be given to the holders of the Sub-Treasurer's Receipts bearing the earliest numbers. If the Salt be not cleared within Three Months, from the date of the Board's order for delivery, Golah rent and wastage will be charged as at present, viz. at the rate of 1 Stupce per mensem for each 100 Maunds.

5. Government will make no reduction whatever in the price of any Salt stored at any Ghaut or Golah in the subjoined Schedule, without giving Two Months previous notice.

6. All notices in regard to any reduction in the price of Salt sold from Government Golahs, will be inserted in the *Calcutta Gazette*, and copies will be appended at all Government Ghaut and Golah Stations from which Salt is deliverable; also, in the Board's Office, and in the Cutcheries of all Salt Agents and Superintendents of Salt Chokeys.

7. Government do not contemplate the necessity of renewing the system of Public Sales, but should a recurrence to that system become indispensable, Six Month's notice of the same will be given, and the notice will specify the upset price per Hundred Maunds at which each description of Salt will be offered for Public Sale after the expiration of Six Months from the date of such notice.

8. All the Provisions of the Salt Regulations are equally applicable to Salt purchased under this Notification, as to Salt heretofore purchased at the Public Sales.

9. The above Conditions are not to be considered as in any wise precluding the Re-sale by Public Auction, and for the enforcement of Conditions of Sale of the Salt purchased at the Public Sales prior to the 1st March 1836, which will be put up for Sale as usual, if the Deposits, or if the price bid for the same remains unpaid.

By Order of the Board of Customs, Salt and Opium, the 23d March, 1836.

FORT WILLIAM,  
FINANCIAL DEPARTMENT, THE 27TH OCT. 1835.

NOTICE is hereby given, that from and after the  
15th November next, the Board of Trade has been  
empowered and directed to receive Tenders for  
advances to be made on Goods and Merchandise  
consigned to England, covered by Bills of Exchange,  
to be drawn, payable to the Hon'ble Court of Directors  
of the East India Company in London, under  
the conditions and in the forms following:—

1st.—The parties to whom advances may be made  
shall agree, that the respective Consignments shall  
be delivered into the Warehouses of the East India  
Company, or into such other Warehouses as the  
Court of Directors may appoint, and that they shall  
be subject to the management of the Court of Directors,  
so long as the Court shall continue to manage  
the Goods of individuals.

2d.—Upon each Consignment, the value of which  
is to be ascertained by the Officers of Government,  
an advance of 2-3ds of such ascertained value will  
be made.

3d.—For repayment of the advance, Bills of Ex-  
change are to be drawn in triplicate, at six months  
sight, at the rate of 2s. 2d. per Calcutta Sicca Ru-  
pee.

4th.—The parties will be required to place in the  
hands of the Board of Trade Bills of Lading of the  
Consignment and Policies of Insurance effected  
thereon both in triplicate. The Bills of Lading  
must be drawn, deliverable to the East India Com-  
pany, or indorsed to order of the East India Com-  
pany. The Policies of Insurance must be effected  
in the name and on behalf of the East India Com-  
pany as the parties interested.

5th.—In case of default being made, either in  
acceptance, or payment of the Bills, the Court of  
Directors are to be authorized to mode subse-  
quently stated to sell the Goods for the purpose of  
repaying the Company the amount of the advances  
made thereon, together with the interest, should  
any have accrued; the Company, on the other hand,  
allowing discount when any part of the proceeds  
shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed  
for each Consignment, to whom the Court of Di-  
rectors shall be empowered to make over the Goods  
subject to all the conditions agreed upon with the  
Company, on payment of the Bills, and with whom  
they shall be authorized to transact generally all  
business relating to such Goods. The Consignor  
shall be liberty to make provision in case of the

party, upon whom the Bill is drawn, (being also the  
Agent) having failed to accept the Bill, for the sub-  
stitution of another Agent, or in such case, should  
the Consignor prefer it, the Agency may be wholly  
withdrawn, and the settlement of either surplus or  
deficiency be made with the Consignor himself by  
the Government from whom he received the ad-  
vance, at the rates of Exchange, at which the Com-  
pany may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England  
and when they shall have been placed in such de-  
posit as may have been agreed upon, the Agent  
may be put into possession of them before the Bills  
become due, upon the amount of such Bills (less  
discount) being paid, together with any charges  
which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the  
Company shall not be less than £3 per Cent. per  
Annum.

9th.—Parties receiving advances are to address in  
each instance a Letter in quadruplicate to the Court  
of Directors, according to a form which will be fur-  
nished by the Board of Trade, signifying their assent  
to all the foregoing Conditions, but more par-  
ticularly for the purpose of expressly authorizing  
the Sale of the Goods, by the Company (without  
either notice to or concurrence of any person whom-  
soever) at any period, after default shall be made  
either in acceptance or payment of the Bills, also  
authorizing in such cases the repaying to the Com-  
pany, the advances made either principal or inter-  
est, appointing the Agent in England, for each trans-  
action, and signifying the wishes of the parties in  
the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of  
Goods in Security for advances to be made on the  
above terms, the Goods will be valued by the Export  
Warehouse-keeper, and for the sum that may be  
settled as to be advanced thereon, the Board will  
grant an Order on the General Treasury, payable  
at 40 days sight.

11th.—The total sum to be advanced on Bills in  
the present season being limited in amount, the  
Board of Trade will use their discretion in giving  
a preference to tenders secured on Goods of a more  
valuable description, such as Silk and Indigo.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 11th April 1836, is hereby promulgated for general information:

Act No. X. of 1836.

I. It is hereby enacted, that Clause Third, Section V., Regulation VI., 1823, of the Bengal Code, be repealed.

II. And it is hereby enacted, that whenever the right to Indigo Plant may be contested, and an order shall be passed, under the provisions of Clause Ninth, Section III., Regulation VI., 1823, of the Bengal Code, for the delivery of Indigo Plant to one of the parties claiming the same, such party shall not be allowed to cut or remove the Indigo Plant until he shall have given sufficient security to the satisfaction of the Court trying the cause, to make good any claim that shall be ultimately established to such Indigo Plant, whether arising from a prior right to the produce of the land, or from an arrear of rent due on account of the specific parcel of land from which the Plant may have been produced.

A General Meeting of the Subscribers of this Fund has been called by the nine undermentioned Subscribers for Friday, the 20th day of May next, to be held at the Town Hall in Calcutta, at the hour of 11 A. M. on that day, to determine the following questions:

1st.—" Whether the Rules, which provide that all acts of the Managers shall be open to 'revision and control' by three-fourths or more of the voters at a duly convened General Meeting, be intended to require that every act of the Managers shall have the confirmation of the said number of Voters at a said General Meeting, or that the acts of the Managers (provided those acts be contemplated by the Rules) shall be good and binding, if not vetoed or negatived by the said number of Voters at a said General Meeting."

2d.—" Whether or not the Rules contemplate and allow that the Managers may elect a Secretary and Accountant without reference to a General Meeting of Subscribers."

3rd.—" Whether or not the Rules do contemplate and allow such a power to the Managers, a proposition that the Managers' appointment of the Secretary and Accountant be confirmed can, by reason of not having been carried by a majority of at least three-fourths of the Voters, invalidate or at all vitiate the Managers' appointment."

**FORT WILLIAM,  
FINANCIAL DEPARTMENT, the 27th Oct. 1824.**

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for Advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Siaca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized to make subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made theron, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such cases, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by

the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

H. T. PRINSEPP, Secy. to the Govt.

II. And it is hereby enacted, that whenever the right to Indigo Plant may be contested, and an order shall be passed, under the provisions of Clause Ninth, Section III., Regulation VI., 1823, of the Bengal Code, for the delivery of Indigo Plant to one of the parties claiming the same, such party shall not be allowed to cut or remove the Indigo Plant until he shall have given sufficient security to the satisfaction of the Court trying the case, to make good any claim that shall be ultimately established to such Indigo Plant, whether arising from a prior right in the produce of the land, or from an arrear of rent due on account of the specific parcel of land from which the Plant may have been produced.

FORT WILLIAM,  
GENERAL DEPARTMENT,  
THE 20TH APRIL, 1836.

## CUSTOMS.

The Governor General of India in Council, having by Orders dated 29th February last, authorized the discontinuance of the collection of Inland Custom Duties within the Territories subject to the Presidency of Fort William in Bengal, and deeming the relief afforded thereby to Commerce to be incomplete so long as the levy of Town Duties and the consequent examination of Goods at Chokies surrounding the principal Cities and Towns are allowed to remain in force, has resolved that from the 1st May next, the levy of Town Duties under the Provisions of Regulation X. 1810, or of any other Regulation applicable thereto, shall cease in all the Cities and Towns, subject to the direct authority of the Government of Bengal, wherein the same may at this time be enforced.

The Board of Customs, Salt and Opium is charged with the execution of this Order, and the Lieutenant Governor of the Western Provinces has been requested to issue the requisite Orders for the discontinuance of the levy of Town Duties in the Provinces subject to his authority, at as early a date as circumstances may admit.

By Order of the Governor General in Council,  
H. T. PRINCEP,  
*Seey. to the Govt.*

FORT WILLIAM,  
LEGISLATIVE DEPARTMENT,

THE 25TH APRIL, 1836.

The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, is published for general information:

**Resolution.** By the abolition of the Transit Duties throughout the Presidency of Fort William in Bengal, a considerable amount of Public Revenue has been relinquished. As the relief to Commerce, and to the people, arising from the abolition of these Duties, would remain very incomplete, were the levy of Town Duties under the provisions of Regulation X. of 1810 to be maintained, the Governor General in Council has directed that the levy of Town Duties also shall cease within the Territories subject to the Presidency of Fort William in Bengal, from the 1st May next. It might without injustice be required that the external Trade of the Presidency, on which the burthen of the relinquished duties has so largely fallen, should contribute to the financial necessities of the State, an amount of taxation equivalent to that which has been abandoned; an improved distribution of duties, and a more easy and efficient mode of collection, being substituted for the system of Sea Customs hitherto established. But the Governor General in Council feels it to be an object of the highest importance to the interests both of Great Britain and of India, to refrain as far as possible, from raising the duties levied on

trust largely to the indirect benefits of low taxation, and to the impulse which will be given to the industry of India by the removal of onerous and vexatious exactions. Under these considerations, he has resolved not to impose upon the Maritime Commerce of Bengal, an amount of duties which shall be estimated to raise more than half the sum of direct Revenue, which was derived from the Transit and Town Duties of that Presidency. In framing a new Tariff upon this principle, he has also kept in view the object of extending to the other Presidencies, as soon as the state of the Public Revenue and other circumstances shall admit of it, the great boon which has been conferred upon Bengal; and he has endeavoured to adopt such a scale of duties as may be best suited to the ultimate establishment of free traffic between the several Presidencies, and to the introduction of a system, as nearly uniform as practicable, for the Sea Customs collections in all parts of the Empire. He has likewise thought it desirable to revise the rates of duties, which have heretofore been levied on various branches of the Trade of the Bengal Presidency, with a view to the reduction and equalization of such duties. The following Draft of a proposed Act is accordingly notified for general information.

## ACT NO. — OF 1836.

I. It is hereby enacted, that from the 1st June next such parts of Regulations IX. and X. 1810, *Regulations imposing Transit and Town Duties in the interior and fixing rates of Import and Export Duty on Sea Goods reported.* Regulation XV. 1825, and of any other Regulations of the Bengal Presidency as prescribe the levy of Transit or Inland Customs Duties, or of Town Duties, and likewise the Schedules of Duties and Previsions of any kind contained in these or any other Regulations for fixing the amount of Duty to be levied upon Goods imported into, or exported from, the said Presidency by Sea,

FORT WILLIAM, 23rd April, 1836.

No. 82 of 1836.—It having been brought to the notice of Government by His Excellency the Commander in Chief, that Jamadar Soorbeer, of the 9th Company Assam Sebuddy Corps, when proceeding in active service, appeared in a state of intoxication in front of the Detachment paraded for the purpose of marching against the Enemy, and when repeatedly ordered by his Commanding Officer, Lieutenant and Adjutant Matthews, to go to the rear, not only refused to obey, but vociferously and falsely asserted in their hearing that the men would not march unless they received Battle, or would run away when they reached the Enemy's Stockade—The Right Hon'ble the Governor General of India in Council, to mark His displeasure at conduct so disgraceful to the character of an Officer, and injurious to the reputation of the Corps, is pleased to direct, that Jamadar Soorbeer be discharged from the service.

The Commander in Chief having at the same time called the attention of Government to the exemplary conduct of the rest of the Detachment, His Lordship in Council in token of his approbation has resolved, that the vacancy occasioned by the discharge of the Jamadar, shall be filled by the non-commissioned Officer of the Party whose exertions on the occasion rendered him in His Excellency's opinion most deserving of promotion.

FINANCIAL DEPARTMENT, THE 22TH Oct. 1834.**

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Siaca Rupee.

4th.—The parties will be required in place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or endorsed to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company in the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by

the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whomsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for such transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

## SUPPLEMENT TO

# The Calcutta Gazette.

Published by Authority.

WEDNESDAY, MAY 4, 1836.

FORT WILLIAM.

GENERAL DEPARTMENT, THE 26TH JUNE 1822.

ALL Public Officers of Government sending Advertisements to the Calcutta Gazette for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, Secy. to the Govt.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 27TH OCT. 1834.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandises consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Siaca Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorsed in order of the East India Company. The Policies of Insurance must be effected to the name and on behalf of the East India Company as the parties interested.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advance made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the

party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency be made with the Consignor himself by the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address to each instant a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whatsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, Secy. to the Govt.

**M**ESSRS. JAQUES AND CO., TENT CONTRACTORS, FUTTEGHUR.—The highly flattering and distinguished preference which our Establishment has experienced for the last three years, induce us to avail ourselves of the termination of the commercial year, to address our numerous friends, constituents and the public, on terms of congratulation and thankful acknowledgements.

The superiority of the Camp Equipage manufactured by us, both as regards *materiale, neatness and style*, is now so well known in all the Presidencies, as to require little or no comment from us; we may however be permitted to state, that we have fully redeemed the pledge we formerly gave, viz.

"That every Tent should be manufactured in our Factory, under our immediate superintendence, and every material used new and of the best quality."—To this pledge we shall strictly adhere, trusting that the attention invariably paid by us in the execution of all orders entrusted to our care, will ensure to us a continuation of that splendid patronage our Establishment has hitherto experienced.

Orders from every part of India will continue to be executed and dispatched with the least possible delay and cost; and we hope that all our kind friends and supporters will do us the favor to bear in mind, how essentially necessary it is that all their orders should be accompanied with the usual advance, including transit charges, the risk of which rests with the purchasers.

## NOTICE.

FORT WILLIAM,  
GENERAL DEPARTMENT,  
THE 20TH APRIL, 1836.

## CUSTOMS.

The Governor General of India in Council, having by Orders dated 29th February last, authorized the discontinuance of the collection of Inland Custom Duties within the Territories subject to the Presidency of Fort William in Bengal, and deeming the relief afforded thereby to Commerce to be incomplete so long as the levy of Town Duties and the consequent examination of Goods at Clokies surrounding the principal Cities and Towns are allowed to remain in force, has resolved that from the 1st May next, the Levy of Town Duties under the Provisions of Regulation X. 1810, or of any other Regulation applicable thereto, shall cease in all the Cities and Towns, subject to the direct authority of the Government of Bengal, wherein the same may at this time be enforced.

The Board of Customs, Salt and Opium is charged with the execution of this Order, and the Lieutenant Governor of the Western Provinces has been requested to issue the requisite Orders for the discontinuance of the levy of Town Duties in the Provinces subject to his authority, at as early a date as circumstances may admit.

By Order of the Governor General in Council,  
H. T. PRINSEP,  
Secy. to the Govt.

FORT WILLIAM,  
LEGISLATIVE DEPARTMENT,  
THE 25TH APRIL, 1836.

The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, is published for general information:

*Resolution.* By the abolition of the Transit Duties throughout the Presidency of Fort William in Bengal, a considerable amount of Public Revenue has been relinquished. As the relief to Commerce, and to the people, arising from the abolition of these Duties, would remain very incomplete, were the Levy of Town Duties under the provisions of Regulation X. of 1810 to be maintained, the Governor General in Council has directed that the Levy of Town Duties also shall cease within the Territories subject to the Presidency of Fort William in Bengal, from the 1st May next. It might without injustice be required that the external Trade of the Presidency, on which the burthen of the relinquished duties has so largely fallen, should contribute to the financial necessities of the State, an amount of taxation equivalent to that which has been abandoned; an improved distribution of duties, and a more easy and efficient mode of collection, being substituted for the system

Governor General in Council feels it to be an object of the highest importance to the interests both of Great Britain and of India, to refrain as far as possible, from raising the duties levied on the Commerce of either Country. He is willing to trust largely to the indirect benefits of low taxation, and to the impulse which will be given to the industry of India by the removal of onerous and vexatious exactions. Under these considerations, he has resolved not to impose upon the Maritime Commerce of Bengal, an amount of duties which shall be estimated to raise more than half the sum of direct Revenue, which was derived from the Transit and Town Duties of that Presidency. In framing a new Tariff upon this principle, he has also kept in view the object of extending to the other Presidencies, as soon as the state of the Public Revenue and other circumstances shall admit of it, the great boon which has been conferred upon Bengal; and he has endeavoured to adopt such a scale of duties as may be best suited to the ultimate establishment of free traffic between the several Presidencies, and to the introduction of a system, as nearly uniform as practicable, for the Sea Customs collections in all parts of the Empire. He has likewise thought it desirable to revise the rates of duties, which have heretofore been levied on various branches of the Trade of the Bengal Presidency, with a view to the reduction and equalization of such duties. The following Draft of a proposed Act is accordingly notified for general information.

## Act No. ---- OF 1836.

I. It is hereby enacted, that from the 1st June next such parts of Regulations IX. and X. 1810, Regulation XV. 1825, and of any other Regulations of the Bengal Presidency as prescribe the Levy of Transit or Inland Customs Duties, or of Town Duties, and likewise the Schedules of Duties and Provisions of any kind contained in those or any other Regulations for fixing the amount of Duty to be levied upon Goods imported into, or exported from, the said Presidency by Sea,

*Regulations imposing Transit and Town Duties in the interior and fixing rates of Import and Export Duty on Sea Goods repealed.* Except as regards the Jumna Frontier Line, shall be repealed. Provided, however, that nothing herein contained shall be construed to prevent the Levy of Duties at the rates now in force at the Custom Houses and Chokees established on the line of the Jumna, or on any Frontier line, upon Goods crossing that line, for import into, or export from, the Territory of the East India Company by land, nor to affect the Regulations in force for imposing and levying Duties on Salt, the produce of Western and Central India.

*Import Duties to be levied according to Schedule A.* II. And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into Calcutta, or into any other place within the Provinces of Bengal and Orissa according to the rates specified in Schedule A. annexed to this Act, and with the exceptions specified therein, and the said Schedule with the Notes attached thereto, shall be the Interpretation of this Act.

IV. And it is hereby enacted, that no Goods or articles whatsoever entered in either of the said Schedules, as liable to duty, shall be exempted from the payment of such duty or of any part thereof except under special order from the Governor of Bengal. Provided, however, that it shall and may be lawful for the Collector of Customs, or other Officer in charge of a Custom House, to pass free of duty, as heretofore, any baggage in actual use, at his discretion, and in case of any person applying to have Goods passed as such, the Collector acting under the orders of the Board of Customs, Salt and Opium, shall determine whether they be baggage in actual use, or Goods subject to duty, under the Rules of this Regulation.

And it is hereby enacted, that the Rules and Regulations now established for the levy of duties of Customs on Goods imported into, or exported from, Calcutta, and other Ports of the Presidency of Fort William in Bengal, shall continue to be in force, and shall be observed and applied for the levy of the Import and Export Duties imposed by this Act.

VI. And it is hereby further enacted, that it shall be competent to the Collector of Customs at any Port of the said Presidency, at his discretion, to send one or more Officers of Customs to board of any vessel coming into, or lying in the River, or Port, subject to his authority, and the Custom House Officer so sent, shall remain on board of such Vessel by day and by night, until the Vessel shall leave the Port, or until it be otherwise ordered by the Collector of Customs.

tion while on board, shall be liable to Fine, not exceeding the sum of 1,000 Rupees, which Fine shall be adjudged by and at the discretion of the Board of Customs, Salt and Opium at Calcutta, and the Vessel, by the Master or person in charge of which, such Fine shall have been incurred, shall not be moved until the same shall be paid.

*Goods not to be  
landed or put on  
board till entry of  
the Ship is duly

fiscation.

Officers taking  
unauthorized fees  
or Bribery subject  
to penalty of 400

shall be adjudged on conviction before any Magistrate or Justice of the Peace of the Town, District, or Place, where the Custom House may be established by such Magistrate, and in default of payment any person so convicted, shall be committed to the Civil Jail of the City or District until the fine be paid, or for a period not exceeding six months.

NOTICE is hereby given, that from and after the 15th November next, the Board of Trade has been empowered and directed to receive Tenders for advances to be made on Goods and Merchandise consigned to England, covered by Bills of Exchange, to be drawn, payable to the Hon'ble Court of Directors of the East India Company in London, under the conditions and in the forms following:—

1st.—The parties to whom advances may be made shall agree, that the respective Consignments shall be delivered into the Warehouses of the East India Company, or into such other Warehouses as the Court of Directors may appoint, and that they shall be subject to the management of the Court of Directors, so long as the Court shall continue to manage the Goods of individuals.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of Government, an advance of 2-3ds of such ascertained value will be made.

3d.—For repayment of the advance, Bills of Exchange are to be drawn in triplicate, at six months sight, at the rate of 2s. 2d. per Calcutta Slesha Rupee.

4th.—The parties will be required to place in the hands of the Board of Trade Bills of Lading of the Consignment and Policies of Insurance effected thereon both in triplicate. The Bills of Lading must be drawn, deliverable to the East India Company, or indorse to order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company as the parties intended.

5th.—In case of default being made, either in acceptance, or payment of the Bills, the Court of Directors are to be authorized in the mode subsequently stated to sell the Goods for the purpose of repaying the Company the amount of the advances made thereon, together with the interest, should any have accrued; the Company, on the other hand, allowing discount when any part of the proceeds shall be realized before the Bills fall due.

6th.—An Agent in England shall be appointed for each Consignment, whom the Court of Directors shall be empowered to make over the Goods subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision in case of the party, upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent, or in such case, should the Consignor prefer it, the Agency may be wholly withdrawn, and the settlement of either surplus or deficiency made with the Collector himself by

the Government from whom he received the advance, at the rates of Exchange, at which the Company may at the time be drawing Bills upon India.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with any charges which may be due to the Company thereon.

8th.—The rate of Discount to be allowed by the Company shall not be less than £3 per Cent. per Annum.

9th.—Parties receiving advances are to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Board of Trade, signifying their assent to all the foregoing Conditions, but more particularly for the purpose of expressly authorizing the Sale of the Goods, by the Company (without either notice to or concurrence of any person whatsoever) at any period, after default shall be made either in acceptance or payment of the Bills, also authorizing in such cases the repaying to the Company, the advances made either principal or interest, appointing the Agent in England, for each transaction, and signifying the wishes of the parties in the contingency referred to in the Sixth Article.

10th.—Upon the acceptance of any tender of Goods in Security for advances to be made on the above terms, the Goods will be valued by the Export Warehouse-keeper, and for the sum that may be settled as to be advanced thereon, the Board will grant an Order on the General Treasury, payable at 40 days sight.

11th.—The total sum to be advanced on Bills in the present season being limited in amount, the Board of Trade will use their discretion in giving a preference to tenders secured on Goods of a more valuable description, such as Silk and Indigo.

## NOTICE.

### *Establishment of a Light House at Pondicherry.*

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondicherry.

This Light, placed at 149 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondicherry, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

be delivered into the Warehouses of the East India  
Company, or into such other Warehouses as the  
Court of Directors may appoint, and that they shall  
be subject to the management of the Court of Directors,  
so long as the Court shall continue to manage  
the Goods of individuals.

2d.—Upon each Consignment, the value of which  
is to be ascertained by the Officers of Government,  
an advance of 2-3ds of such ascertained value will  
be made.

pany, or indorsed to order of the East India Com-  
pany. The Policies of Insurance must be effected

stitution of another Agent, or in such case, should  
the Consigner prefer it, the Agency may be wholly  
withdrawn, and the settlement of either surplus or  
deficiency be made with the Consigner himself by  
the Government from whom he received the ad-  
vance, at the rates of Exchange, at which the Com-  
pany pay at the time be drawing Bills upon India.

Goods in Security for advances to be made on the

*Establishment of a Light House at Pondicherry.*

From the 1st of July 1836, a fixed Light of the 3d magnitude will be exhibited during the whole night, on the summit of a Tower recently constructed at Pondicherry.

This Light, placed at 89 feet above the level of the Sea will be seen in clear weather, from a Ship's Poop, from a distance of sixteen to seventeen Nautical Miles.

During the N. E. Monsoon, that is to say, from the month of October to March, Vessels arriving during the night, in the Roads of Pondicherry, should anchor in ten or twelve fathoms Water, the Light bearing by Compass from W. by N. to W. N. W. This Anchorage will be the most convenient for communication with the Shore and for Weighing in case of bad weather.

During the S. W. Monsoon, the wind prevailing from S. E. on the Coast, from the end of March to October, bad weather is not to be apprehended; Vessels can then anchor at night in six or seven fathoms with the Light bearing by Compass from W. to W. by N.

Thus placed, the Vessels will be during each Season, in the most favorable position for communication with the Shore.

## NOTICE.

FORT WILLIAM,  
GENERAL DEPARTMENT,  
THE 20TH APRIL, 1836.

## CUSTOMS.

The Governor General of India in Council, having by Orders dated 29th February last, authorized the discontinuance of the collection of Inland Custom Duties within the Territories subject to the Presidency of Fort William in Bengal, and deeming the relief afforded thereby to Commerce to be incomplete so long as the levy of Town Duties and the consequent examination of Goods at Chokies surrounding the principal Cities and Towns are allowed to remain in force, has resolved that from the 1st May next, the levy of Town Duties under the Provisions of Regulation X. 1810, or of any other Regulation applicable thereto, shall cease in all the Cities and Towns, subject to the direct authority of the Government of Bengal, wherein the same may at this time be enforced.

The Board of Customs, Salt and Opium is charged with the execution of this Order, and the Lieutenant Governor of the Western Provinces has been requested to issue the requisite Orders for the discontinuance of the levy of Town Duties in the Provinces subject to his authority, at an early date as circumstances may admit.

By Order of the Governor General in Council,  
H. T. PRINSEP,  
Secty. to the Govt.

FORT WILLIAM,  
LEGISLATIVE DEPARTMENT,  
THE 25TH APRIL, 1836.

The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, is published for general information :

*Resolution.* By the abolition of the Transit Duties throughout the Presidency of Fort William in Bengal, a considerable amount of Public Revenue has been relinquished. As the relief to Commerce, and to the people, arising from the abolition of these Duties, would remain very incomplete, were the levy of Town Duties under the provisions of Regulation X. of 1810 to be maintained, the Governor General in Council has directed that the levy of Town Duties also shall cease within the Territories subject to the Presidency of Fort William in Bengal, from the 1st May next. It might without injustice be required that the external Trade of the Presidency, on which the burthen of the relinquished duties has so largely fallen, should contribute to the financial necessities of the State, an amount of taxation equivalent to that which has been abandoned; an improved distribution of duties, and a more easy and efficient mode of collection, being substituted for the system

Governor General in Council feels it to be an object of the highest importance to the interests both of Great Britain and of India, to refrain as far as possible, from raising the duties levied on the Commerce of either Country. He is willing to trust largely to the indirect benefits of low taxation, and to the impulse which will be given to the industry of India by the removal of onerous and vexatious exactions. Under these considerations, he has resolved not to impose upon the Maritime Commerce of Bengal, an amount of duties which shall be estimated to raise more than half the sum of direct Revenue, which was derived from the Transit and Town Duties of that Presidency. In framing a new Tariff upon this principle, he has also kept in view the object of extending to the other Presidencies, as soon as the state of the Public Revenue and other circumstances shall admit of it, the great boon which has been conferred upon Bengal; and he has endeavoured to adopt such a scale of duties as may be best suited to the ultimate establishment of free traffic between the several Presidencies, and to the introduction of a system, as nearly uniform as practicable, for the Sea Customs collections in all parts of the Empire. He has likewise thought it desirable to revise the rates of duties, which have heretofore been levied on various branches of the Trade of the Bengal Presidency, with a view to the reduction and equalization of such duties. The following Draft of a proposed Act is accordingly notified for general information.

## ACT No. — OF 1836.

I. It is hereby enacted, that from the 1st June next such parts of Regulations IX. and X. 1810, Regulation XV. 1825, and of any other Regulations of the Bengal Presidency as prescribe the levy of Transit or Inland Customs Duties, or of Town Duties, and likewise the Schedules of Duties and Provisions of any kind contained in these or any other Regulations for fixing the amount of Duty to be levied upon Goods imported into, or exported from, the said Presidency by Sea,

*Except as regards the Jumna Frontier Line.* shall be repealed. Provided, however, that nothing herein contained shall be construed to prevent the levy of Duties at the rates now in force at the Custom Houses and Chokees established on the line of the Jumna, or on any Frontier line, upon Goods crossing that line, for import into, or export from, the Territory of the East India Company by land, nor to affect the Regulations in force for imposing and levying Duties on Salt, the produce of Western and Central India.

*Import Duties to be levied according to Schedule A.* II. And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into Calcutta, or into any other place within the Provinces of Bengal and Orissa according to the rates specified in Schedule A. annexed to this Act, and with the exceptions specified therein, and the said Schedule with the Notes attached thereto, shall be the sole instrument of this Act.
